**INTRA-DISTRICT MILEAGE POLICY**

The Board of Trustees recognizes the need for staff members to travel between school buildings during the course of the school day as a part of their assignment.

In order to accommodate these staff members, the district will provide bus service through its transportation department between buildings during regularly scheduled school hours.

Staff members have the option of providing their own transportation if they so desire, recognizing that compensation for any mileage incurred as a result of this choice will not be paid.
