Title: Participation in Non-sanctioned NIAA
Sports Activities

Presented as below to School Board for Review on 10-25-00,10-10-01,10-24-01

PARTICIPATING NON-SANCTIONED NIAA SPORTS ACTIVITIES

In order to provide as wide a range of athletic opportunities within a limited student body as possible, the Board declares that participation in a non-NIAA sanctioned sport will not limit a student's participation in a concurrent sanctioned NIAA sport activity.

Students will maintain the same district academic standards as students participating in NIAA sanctioned sport activities.
